

Concealed Emerge – (Peep and Creep Routine)

Closed Junction

Poor vision – Unable to plan ahead – Usually have to stop

Signs – Often stop!

Mirrors – Signal – Position – Speed – Look

Check main road ahead, look right – left – right

Right – Traffic you meet first comes from the right

Left – Ensure nothing is on your side (overtaking)

Right – Final Check

Asses – Assess all other road users

Speed Position Direction Signals Priority

Decide

Based on the above information

Is it safe to pull out? Is there time to pull out?

Could you cross the road as a pedestrian?

Not enough information due to bad vision

Act – Stop Peep & Creep when safe to do so

No more than 25cm at a time, very slowly continue to

Look Assess Decide – Go move off safely without hesitation

Unmarked Junctions

No one has priority – Try to get eye contact – Proceed with caution
